First radio message from one of Daly City's soldiers now serving in Australia was received here, last week, by Mrs. Olga Kerger, mother of Private Ernest Kerger. Private Kerger's message to his home at 67 Crocker avenue was made possible through the cooperation of the Australian Broadcasting commission, the Mutual Broadcasting system in this country, and the American Red Cross.

Shown above, standing, are Mrs. Nathan Adler and Mrs. Harry Blacher, representing the San Mateo chapter, American Red Cross. Seated in the foreground are Private Kerger's mother, right, and a friend of his, Miss Bernice Curotto, left.

Beside the phonograph, on which the transcription of his message was played, is a picture of Kerger.

City Council Issues Bonds On South End

Eighty bonds with a total value of $19,722.08 on the South End street improvement project were issued by the city council, Monday, through the adoption of a resolution.

Bonds, which were issued and ordered delivered to the contractor for the project, were on property of which the assessments were unpaid, and which are not involved in litigation. Litigation in the matter is the suit filed by South End property owners, who charge that an assessment for street improvements exceeded the estimate submitted by the city engineer at the time the project was begun.

The bonds issued are dated February 24, 1942 and bear interest of six per cent per year from that date.

In an effort to enable the city to obtain its share of the gas tax fund in San Mateo county and the state, City Engineer Robert A. Klassen requested that as many members of the council as possible meet with the county Board of Supervisors, Tuesday, on the matter. Klassen is interested in the matter as a member of the Peninsula committee of the California League of Cities. Councilman John J. Fahey sr. was appointed to attend the county meeting.

The council heard a report by City Building Inspector Arthur J. Bodien on certain violations of the public health and safety code which have been committed at buildings on Vendome avenue.

Intensify Drive For Blood Bank Donors

Daly City people were urged to contribute a pint of blood each to the San Mateo County Blood Bank, so that a reserve of blood plasma can be secured for emergency use in the county.

Appointments and all arrangements for transportation to San Mateo, where the bank is located, will be made if prospective donors will contact the Daly City chairman, Mrs. Catherine Foreman, telephone, RAndolph 10376.

Those who are eligible to donate are persons between the ages of 18 and 60 who weigh at least 115 pounds and whose blood pressure is not under 110. Blood pressure is recorded by the nurses there.

The following schedule for donations is maintained by the blood bank: Mondays, 3 p. m. to 7 p. m.; Tuesdays, 8 a. m. to 12 noon; Wednesdays, 4 p. m. to 8 p. m.; Fridays, 8 a. m. to 12 noon; and Saturdays, 9 a. m. to 12 noon and 1 p. m. to 3 p. m.

Cash contributions are also welcomed for maintenance of the blood bank.

Speed Up Work Of Control Center

To allow the services of the local civilian defense corps to roll with more speed and efficiency, Arthur J. Bodien, chairman, announced that initial operations were begun, last week, to speed up service dispatches in the control room.

The change is in the handling of messages coming into the control room. It is expected to eliminate unnecessary delay of services awaiting instructions from the control room before they actually go to the scene.

Formerly, when a message was telephoned to the control center by an air raid warden, it was written down by the operator and handed to Bodien. After Bodien had dispatched the necessary service for utility repairs, the message was relayed to the next service head who dispatched his particular service. From him, the message was relayed to another and so on, until the message had been to all hands.

The improved plan which was introduced, last night, eliminates the wait by one service until an-

Many Homes Still Not Ready For Raid

Reports from air raid wardens in Daly City show that a large number of local residences are still unprepared for an air raid, should enemy bombers attack the city.

Window stickers, reading "I Am Prepared," are being distributed to homes which are equipped with the necessary tools for fighting fires caused by incendiary bombs. The air raid wardens are carrying on a survey of all the homes in the city to determine the preparedness of each.

Tools that are needed, according to OCD recommendations, are two buckets of sand, shovel, rake, ladder, and a hose.

County Defense Council Moves Into New Quarters

New headquarters for the San Mateo County Defense Council will be set up and ready to operate in Hillsborough by Saturday, the council announced.

The former Howard Spreckels mansion on El Camino Real in Hillsborough is the new home of the county civilian defense organization, having been leased from the Capital company, now in possession of its property. The building was selected because of its spacious quarters and central location for county defense operations.

The Disaster Relief Organization of the San Mateo County chapter, American Red Cross, will also be located in the building.

In a vacant lot—in a VERY vacant lot—on Mission street, in Daly City, there is a sign which reads, "Drop Your Scrap and Lick a Jap."

This sign is the landmark of Daly City's Salvage for Victory collection depot for the scrap which America so vitally needs in all of her war production plants, the scrap which must be converted into planes, tanks, guns, and ships for that complete victory we are all gunning for.

But, from the appearance of this VERY vacant lot on Mission street, Daly City residents appear to be apathetic to both dropping scrap there or licking the Japs.

Daly City donated 100 tons of rubber in the recent rubber drive, and set a fine example for many cities which are much larger and have much more scrap rubber available. But the salvage committee asks "Are we going to stop there?"

Uncle Sam's bombers carried on a raid over Tokio one day. Do we stop there? Suppose, says the salvage committee, that the Army Signal corps and the Army searchlight battery decided to all take a day off? Suppose General MacArthur and his men decided to stop fighting?

R. L. Crane jr., salvage chairman, reported a very poor response to the campaign in this community, particularly following such a fine donation of scrap

Sixty-Nine Report For Army Induction

Selectees of 1-B classification with Daly City Draft Board No. 103 will be subject to induction in the army for limited noncombatant duty in August, Dr. J. C. McGovern, chairman of the board announced, yesterday.

The classification includes men between the ages of 21 to 44 who were unable to be inducted for regular combat duty because of physical defects.

Sixty-nine 1-A selectees from the local board reported for induction, Saturday, at the center in San Francisco. The group included men from all points in local board area.

The large contingent, the second during July, included 24 Daly City youths. From Colma, nine men joined the induction group, Saturday. Other communities in the area which sent selectees for induction were as follows: South San Francisco, 24; Brisbane, 2; San Francisco, 4; Sharp Park, 4; Lomita Park, 1; and transfers, 2.

Men from Daly City who were called for induction, Saturday, were the following: James George Iversen, 163 Los Olivos avenue; Arthur Casimiro Belli, 1143 Hanover street; Ralph Ray-

Announce Dates For Tin Can Pickup

Appealing to householders of Daly City to contribute every tin can that is used in their homes to the nation's drive for more tin and metal, the Daly City Salvage committee announced a new schedule this week for picking up tin cans.

Hearing In School Purchase Set For Aug. 5

Public hearing for Jefferson Union high school's purchase of the building belonging to Pantaleoni Brothers Garage has been set for Wednesday, August 5, at 8 p. m. in the office of the high school district superintendent.

The high school board is expected to purchase the building adjoining the high school property for $30,000 at the hearing, Wednesday. The building will be used for accomodation of the high school's large student body increase. Pantaleoni Brothers will still occupy a portion of the building for automobile repairs.

Revise Incendiary Bomb Instructions

Please count slowly to ten . . . and save the strong words for the Japs. You just learned how to combat incendiary bombs; you read and memorized all previous bulletins on extinguishing incendiaries. And now you've a whole new set of instructions to learn!

That's tough, but that's how it is. The National Office of Civilian Defense has just announced a radical departure from the methods formerly recommended for dealing with incendiary bombs.

Extensive tests by technicians of the Office of Civilian Defense and the Chemical Welfare Service of the U. S. Army, have shown conclusively that using a jet or stream of water on a magnesium bomb as soon as it lands is unquestionably more effective and quicker than previous instructions. A speedy attack on the bomb will knock it out in less than a minute, thus saving valuable time which can be used in attacking other bombs nearby before they can start serious fires. Sand should not be used except where water is not available or where it is not likely to start fires.

With the new method more lives and more property can be saved in the event of a raid. That is the only sound criterion for

Consumer Center Offers New Recipes

New and different recipes which are styled to wartime restrictions and higher prices are plentiful in the literature which local housewives can obtain at the Consumer Information center.

The center is open every Tuesday from 1 p. m. to 3 p. m. on the second floor in the city hall, and every housewife in Daly City who wishes information about prices, rationing, or anything else about wartime household re-

Chesney, Bodien Attend Conference At Stockton

Two Daly City officials, Fire Chief Andrew P. Chesney, and City Building Inspector Arthur J. Bodien, attended the Pacific Coast Builders' annual conference in Stockton, Saturday.

The two men attended the conference in preparation to submitting a sketch showing fire zones in Daly City to the National Board of Fire Underwriters. The fire zones will be established in an effort to manitain uniformity in building rules dealing with fire hazards.

Two Public Meetings On School Budgets

Two public meetings of interest to Daly City taxpayers are scheduled for the first week in August.

The proposed budget for the Jefferson Elementary School district will be presented for discussion and explanation, Monday evening, August 3, 8 p. m. at the Administration building, 344 Santa Barbara avenue. Total budget requirement is $103,000.

A budget, totalling $171,832, will be reported in detail at a public hearing on the proposed 1942-43 budget for Jefferson Union High School district, Wednesday, August 5. The meeting will be held in the high school building, at 7 p. m.

Breakdown of the budget totals may be read in the legal advertisements on page 10 in this week's Record.

Housewives, Give Fats To Uncle Sam!

Continuing in Daly City this week is the national drive for waste fats and greases from the kitchens of America's housewives.

The drive here is under the direction of R. L. Crane jr., local salvage chairman and the Daly City Salvage for Victory committee.

Although it has previously been stated in national radio broadcasts and newspaper publicity that the donor will be paid by the butcher, all fats turned in in San Mateo county will be uncompensated. The butcher receives but four cents a pound, which barely pays for handling charges, and thus, does not realize any profit whatever. Any proceeds will be donated to the USO.

Two instructions are issued to

Paging All Auxiliary Policemen Of Daly City

B. L. Meritt, first aid instructor, announced today that he will open a class in standard first aid training for all Daly City Auxiliary Policemen, beginning Tuesday evening, August 4, at 7:30 p. m. The weekly study sessions will be held at the Company No. 1 firehouse, 188 Santa Barbara avenue.

"It is imperative that everyone be on hand for the first class, Tuesday night," Meritt said. "Needless delay in completing the course is caused when stragglers come in two or three sessions late."

The first aid course to be taught by Meritt represents an integral part of the basic training which auxiliary policemen must complete.

Extend Record Campaign To Aug. 9

Extension of the "Records for Our Fighting Men" campaign, for old, cracked, or broken phonograph records, to Sunday, August 9, was announced this week by local sponsors.

This campaign is sponsored here by Daly City Post No. 410, American Legion and Daly City Unit No. 410, American Legion auxiliary. A. G. K. Jakobsen, representing the Legion, and Mrs. Marcie Trier, for the auxiliary, who are co-chairmen of the campaign, urged all local persons to take their old records to a local grocery store.

By means of these contributions, American service men can enjoy music from brand new records. The old records which are salvaged are converted into scrap and sold to the records manufacturers. Proceeds of the sales will buy new records at factory cost, to be sent continuously to America's armed forces at all posts, abroad and at home.

Following are the grocery stores in Daly City who are cooperating in the drive: Hanover

Schedule Three Baseball Games

Three baseball games have been booked for local diamonds on Sunday by the Daly City WPA Recreation department.

At Marchbank field, Daly City's Farrallone Packers will play the first contest with Gordon Realty at 10:30 a. m. Following the game the Packers will hold a barbecue at the park for players and friends, and Manager Charles Norry extended an invitation to city authorities to join them.

The afternoon game at Marchbank field finds the Aerie No. 61, Eagles, playing the Alameda Aerie. This game will be preceded by a "crucial" preliminary of two innings duration between the Colma Vista Grande Aerie No. 1848 and Aerie No. 61. The first afternoon game is scheduled to get under way at 1:30 p. m.

The Bear Photo Juniors will meet the Daly City Juniors at Jefferson field at 2 p. m.

About Town

Members of Colma Vista Grande Aerie No. 1848, F. O. E., now serving with Uncle Sam's army, or navy include: **Dr. Willis Cline, Leo Cappadona, Anthony Cappadona, William Gfroerer, Joe Leveroni, Louis Maret, Sam Miller, Frank Morris, Paul Puccini, Albert Tonella, Edward Zivelinski, Harry Wendell jr., Augie Gaggero, Herman Mendelson, Clinton Smith, Charles McAvoy, Lawrence Lombard, Arnol Panella, Glen Larsen.** To back the men in service from their organization, the Eagles have already purchased $4,600 worth of War bonds.

Miss Edith Rasor, chief operator of the Pacific Telephone and Telegraph company in Modesto, is the house guest of her brother, **James E. Rasor, and family,** 173 Templeton avenue.

Now serving with the United States Army in Alabama, **Arthur H. Quirmbach,** former Jefferson Union high school instructor, is in the chemical warfare service.

Mr. and Mrs. Norman T. Banfield, Daly City, are the proud parents of a daughter born, July 20, in San Francisco.

Catholic Ladies Plan Wednesday Whist Party

Plans for the monthly whist of Catholic Ladies Aid Society, Branch 59, were near completion, today. Mrs. Lehner has been named chairlady of Wednesday's whist. Playing will begin at 2 p. m. at St. Michael's hall, 32 Broad street.

Mrs. Lehner announces a cash first award will be given along with many other lovely prizes. The public is cordially invited to attend.

Curvesome Rita Hayworth runs riot with Victor Mature's heart in 20th Century-Fox's superb Technicolor musical, "My Gal Sal," currently playing at the Daly City theatre. Mature, as the great song writer Paul Dresser, draws his inspiration from beauteous Rita, and quite an inspiration she is, as you can plainly see. No wonder he only wrote hit songs.

other is through with the message, by dispatching all necessary services at once. No longer will the message go from hand to hand, but a verbal declaration will be made to the service heads, telling of the incident. Each head then writes down, on regular forms, which services under him that are to be dispatched. They are all dispatched simultaneously in this manner. Telephone operators at both the incoming and outgoing phones rehearsed the procedure in the control room, last night.

Explaining the change, Bodien said it would, undoubtedly, speed up all help which would be needed in time of disaster.

Two Minor Auto Accidents Mar Weekend

Two automobile accidents in Daly City, Sunday, resulted in minor property damages, according to police.

Mrs. Floyd Dicks, Detroit, Michigan, reported to police an accident, soon after midnight, Saturday, with a machine driven by P. Rasmussen, 443 Vista Grande avenue. The incident occurred on Mission street near Wilson street.

Property damage was done to an automobile belonging to William Panella, 333 Vista Grande avenue, Sunday morning, after another machine broke away and ran down Vista Grande avenue, crashing into the Panella car, which was parked in front of his home. The runaway car belonged to Karl Wald, San Francisco.

Telephone Co. Cuts Installations

The recent War Production Board order restricting new or additional telephone installations in locations where facilities are limited is now being applied in certain neighborhood business and residential districts of San Francisco, Daly City, and Colma, according to Lyle M. Brown, division manager of the Pacific Telephone and Telegraph company.

"Telephone plant facilities in some of our San Francisco central offices," said Brown, "are now filled to a point where the reserve capacity remaining must be held for the use of our armed forces, war industries and essential civilian defense needs. Additions to telephone plant have been deferred because the materials required are needed for war purposes. The districts immediately affected are those covered by the Evergreen central office serving the EVergreen, BAyview and SKyline telephone prefixes; the Mission central office serving MIssion, ATwater and VAlencia prefixes; the Montrose central office serving MOntrose, LOmbard, OVerland and SEabright prefixes; and the Randolph central office serving RAndolph, DElaware, ELkridge and JUniper 4 prefixes.

"If you are planning to move into or within these districts, we suggest that you get in touch with our business office and ascertain whether it will be possible under the limitations of the War Production Board's order to establish service for you at the new address. Exceptions to the order can be made for persons or organizations who are engaged directly in war work or in occupations essential to public welfare and security.

"As in the case of many other war time restrictions, this curtailment on telephone installations may cause a temporary sacrifice of personal convenience. We are grateful for the wholehearted cooperation of our customers in accepting the restrictions which have become necessary to conserve the scarce and critical materials which are vital to the Nation's war effort."

Daly City Woman Dies At S. F. Hospital

Mrs. Marie Dolores Birkhofer, 52, 374 Templeton avenue, succumbed in a San Francisco hospital, last Monday. She was well known in the community where she was a member of the Red Cross of San Mateo county and of a Daly City P. T. A. unit.

Funeral services were held from a downtown mortuary. Requiem high mass was celebrated at Our Lady of Perpetual Help church. Interment was at Holy Cross cemetery.

She is survived by three sons, George, Edward and Raymond Wienholz and five grandchildren.

"My Gal Sal" Now At Daly City

Rita's back in town! Yes, it's Rita Hayworth, America's Inspiration Girl, whose picture starts an engagement tonight at the Daly City theatre in 20th Century-Fox's Technicolor musical "My Gal Sal." And an inspiration she certainly is!

Rita's starred with Victor Mature, John Sutton and Carole Landis, in this gay and up-to-the-minute story of the life of Paul Dresser, famous composer of "My Gal Sal," "On The Banks of The Wabash" and a hundred and one other hit tunes. The picture has been mounted lavishly with nothing spared to make it an outstanding film musical, and Director Irving Cummings has seen to it that everything fits neatly into place so that the film is geared to delight all moviegoers.

The story deals with the trials of Mature as Dresser, during his struggle to get his songs published and played. His inspiration is Rita, and what better inspiration does any man need?

A cast of excellent supporting players including James Gleason, Phil Silvers, Walter Catlett, Mona Maris and Frank Orth round out the huge cast.

The scrpit by Seton I. Miller, Darrell Ware and Karl Tunberg presents the story in excellent fashion as gleaned from the material gathered by Theodore Dreiser, brother of Paul Dresser.

Hold Final Rites For Manuel Rodgers

Last rites for Manuel Rodgers, 67, father of two local residents, were held at a downtown mortuary, Thursday, with blessing at 9:30 a. m. at Holy Angels church, Colma.

A former South San Francisco resident, he is survived by four sons, David, William, Frank and Albert Rodgers; three daughters, Mrs. May Conserva, wife of Attilio Conserva, Colma fire commissioner; Mrs. Angie Selmi, Daly City, and Mrs. Adeline Green.

Interment was at Holy Cross cemetery, Colma.

Legion Announces Public Whist Party

Whist players are cordially invited by members of Daly City Post No. 410, American Legion, to attend their monthly whist, tomorrow evening. Playing will begin at 8:30 p. m. at Legion hall.

Emil Pahlka, chairman of the evening, announces a cash first award will be given along with many other attractive prizes. Assisting Pahlka with the affair are other members of the post.

Needy Rolls Decline

The number of persons receiving aid to the needy in San Mateo county dropped from 2,395 in January to 2,305 in June and direct aid extended to these needy persons went from $53,125 in January to $50,690 in June.

SECTOR 6 AIR RAID WARDENS

—Photo by John Craig

Organized and prepared to protect residents in Sector 6 in the event of an air raid are the wardens pictured above. From left to right are O. L. Wakefield, James Mullen, Carl Baum, Dan Johnson and Sector Warden Raymond Freeman. Other wardens, active in the precinct but not in this picture, are Frank Hatfield, Ralph Capps, Arthur Kevemaki, Andrew Murphy, Walter Capps, Jasper Haseltine, Elma Hanelt, James McKell, Fred Peters, George Oppenheim, and George Rettig.

The group meets for a social get-together once a month at the home of Freeman, 341 Winchester street. Day wardens have also been organized for the sector.

Incendiary Bombs

(Continued from Page 1)

judging the matter. Great Britain and New Zealand after extensive experiments have adopted this new method with excellent results.

The new instructions reduced to essentials are as follows:

1. Bring your fire fighting equipment to the scene of action.
2. Shoot a jet of water directly at the bomb without delay.
3. Then use the jet, quickly, to quench fragments and the remains of the bomb, and any fires that might have been started.
4. Be absolutely sure the fire is out before you leave the scene.
5. Use a coarse spray only where scattering of metal must be avoided.
6. Use sand only if a bomb falls where it is not likely to start a fire or if water is not available.

The desirable jet of water can be obtained from a garden hose, any water-type fire extinguisher, a pump tank extinguisher or stirrup pump.

The spray technique formerly recommended for combatting magnesium bombs required several minutes to extinguish the bomb. Exhaustive tests show that:

1. Magnesium bombs can not only be more speedily disposed of by using a jet or full stream of water, but also
2. Because several bombs might fall in a single home or area, the speedy extinguishment of the bomb by the new jet method will give the operator more time to tend to other bombs and to prevent uncontrollable fires from getting a start.
3. That immediate attack on the bomb with a full stream of water would prevent the explosion of possible burster attachments.
4. The directional force of the jet or stream minimizes the danger to the operator.
5. The amount of water required by the jet method is less than half that required for the spray treatment.
6. It emphasizes for the operator the danger of the fires that may be started rather than limiting his attention to the bomb itself. Obviously a full stream or jet of water is much more effective in fighting a fire than a spray.

With the use of the jet, operators can now stand more than eight feet away from the bomb. They should, nevertheless, use an ashcan lid, small chair, or wet blanket for personal protection. The necessary jet or stream can be obtained from a garden hose, any watertight fire extinguisher, pump tank extinguisher, or stirrup pump.

Men are dying for the Four Freedoms. The least we can do here at home is to buy War Bonds—10% for War Bonds, every pay day.

Look over all of the appliances in your home. Check particularly those appliances you use constantly like the range, vacuum cleaner, refrigerator, washing machine and iron or ironer. Do any of these need repair or reconditioning?

You will be wise now to Duration-ize your appliances with timely repair. That means catching repairs in time before a complete breakdown occurs.

If your old equipment must be replaced—do it now. Some new appliances are still available in store stocks. Otherwise be sure to take care of what you have. Keep it in repair. Make sure it will carry-on with efficient service. It is a wartime necessity.

Tin Can Pickup

(Continued from Page 1)

days of each month on the street corner nearest your home, according to R. L. Crane jr., chairman of salvage. The cans may be placed on the curb of the intersection anytime Sunday, so that an early pickup by the truck can be made, Monday morning.

Collection depots at the grammar schools have not been used since the close of the school year, although they were formerly official collection agencies here. However, with the new arrangements for collections on street corners on the first and third Sundays of each month, the way is clear for every Daly City citizen who uses tin cans to do his part.

"There are plenty of tin cans in every Daly City kitchen," Crane said, in urging collections," and every one of these tin cans can be used in our war production."

"The tin can shortage in America today is really serious. Our re-processing plants are limited, and collections are not being made in all parts of the country, because of long distances to these plants.

"But here is where we, in Daly City, have a chance to really help our country with the Metal and Thermit plant in South San Francisco close by. We must make up for those sections of the country where it is impractical to collect tin."

Crane pointed out another reason for local citizens to enter into the campaign with firm resolve, that of San Mateo county's outstanding record in leading other counties of the state. This county has turned in 90 per cent of its total potential tonnage, as compared with 50 per cent in San Francisco. The county turned in 10 per cent of the state total in May and June. Theodore M. Lilienthal, county salvage chairman, urged everyone to maintain this fine record for the county.

Here is the way to prepare your tin cans for the drive:

1. Cut the top and bottom of the can so that the flaps can be bent into the can.
2. Wash the can thoroughly by running water through it.
3. Flatten the can by stepping on it.
4. Place all the flattened cans in a box and deposit it on the street corner at the time designated.

MORE STORIES ABOUT CANDIDATES

Justice Clay Seeks Re-Election

Seeking election for a third successive time as justice of peace for the first township in San Mateo county is Judge Wade H. Clay, who is widely known and respected in this community.

Judge Clay offers, as his qualifications for the office, the most logical background, that of the past eight years of service as justice of the peace. One of his biggest achievements which he has made since his debut to the office was the installation of a records system which has been in operation ever since.

Distinction came to Judge Clay during his most recent term, when his court was given recognition from the Supreme court as a class A justice court, the first in the county. He has also served since 1935 as city judge in Daly City.

He possesses a sound knowledge of the law, having been admitted to the Bar in 1907, and has carried on an expansive legal practice for the past 35 years.

Judge Clay is held in high esteem in the county. He is described as thoroughly progressive in every phase of the law and he keeps abreast of the times.

Anti-Gas Group In Your City

By Dr. Ward L. Mould, Medical Gas Officer, U. S. Office of Civilian Defense.

(This is the last of a series of six articles about war gases, their characteristics, and measures the civilian can take to protect himself against gas injury.)

The anti-gas organization in your city is divided into two parts. In association with casualty stations and hospitals of Civilian Defense Emergency Medical Services, facilities are being developed to remove all traces of "persistent" gases from injured people. This is necessary to prevent the gas being carried into hospitals. The average person can "decontaminate" himself, as described in a previous article. Special hospital and decontamination facilities should be reserved for those who have other injuries as well. Personnel needed to man these stations are now being trained.

The "persistent" gases may remain in an area for days or weeks. To meet this danger, decontamination squads have been organized in Departments of Public Works. These squads are equipped with street flushing machines, brooms and special spraying apparatus. They are furnished with special chemicals which can be used to destroy the "contaminating" gases.

The senior gas officer in your community will be responsible for identification of war gases, marking off the gassed area, for technical advice on the work of decontamination squads, and the handling of food, water or clothing which may have been contaminated. He must have trained assistants for these tasks.

Remember, in case of an attack—Keep Calm, Keep cool, Walk—do not run to shelter. Keep this series of articles where you can find them.

Fire Companies 1, 4 Extinguish Small Fire

A small fire in a bedroom at the home of L. C. Herrick, 141 Bellevue avenue, was extinguished, Tuesday afternoon, by Companies 1 and 4 of the Daly City Fire department.

Little damage was done, since bed clothes, a curtain, and a small portion of the rug were all that were ablaze.

Supervisor

Richard McAllister

Charging that San Mateo county government is administered for the most part in the interests of a chosen few, Richard T. McAllister, candidate for supervisor from the second district, this week declared that a change is needed to give all the people representation on the board of supervisors.

"Watching the conduct of civic and county affairs during the last few years, it has become increasingly apparent to me that a change in the type and attitude of representation is needed," McAllister said in a formal statement.

"The public—the rank and file—of San Mateo county citizens has had truly scant representation, and most of the decisions and actions of county political representatives have been based not on the welfare of all the people but in the interests of a few.

"The old guard has branded me as 'labor's candidate.' While I am a laboring man and have championed the cause of laboring men and women for many years, I am not just labor's candidate. Anyone who will investigate my activities will learn that I have known and respected the rights of business, industry and finance as well as of organized labor.

"Evidence of this is shown in my activities as a member of the San Mateo Junior College board for two years, a member of the Charter Study committee, a trustee of the San Mateo County Blood Bank, a member of the County Civilian Defense Council and of the Salvage committee and as head of the San Mateo County Central Labor council for eight consecutive years."

SCRAP

(Continued from Page 1)

rubber that was turned in to local service stations.

One of the most intensified salvage programs ever effected, the scrap metal drive tends to gather every available bit of scrap in America and start it on its way to war production.

War production during the critical months ahead will be seriously hampered unless scrap and junk can be kept freely flowing, in increasing quantities, to war plants producing material for our fighting forces, production authorities stated.

The local salvage chairman expressed confidence that local persons would respond, regardless of the local indifference thus far. Crane urged everyone to pick up all the scrap around their homes and deposit it in the local collection depot in the Mission street lot across from the Daly City theatre.

Objects which are too heavy or bulky to transport to the lot will be picked up at your home if you call HEmlock 7171 and give them your address.

Let's all turn over a new leaf on this salvage business. America needs our scrap—both kinds, the kind found around the house, and the kind in our hearts.

Welfare Depts. Need Stenographers, Typists

California's county welfare departments needs stenographers and typists.

If you can type 40 words per minute or take shorthand at the rate of 80 words per minute, the State Department of Social Welfare urges you to apply for the examinations that are scheduled throughout the State. No previous experience is required of applicants who are high school graduates.

Closing date for filing applications for these positions of junior typist-clerk and junior-stenographer clerk is August 8. Applications may be obtained at any U. S. Employment Office and at most county welfare offices, or by mailing a request to P. O. Box 1887, Sacramento.

It is expected that sufficient applications will be filed to enable giving the tests in Redwood City.

The list resulting from the examination will be used to fill frequent vacancies in the 140 stenographic jobs and the ninety typing jobs in California's fifty-two non-civil service counties.

County Controller

Albert F. Bullivant

In outlining his qualifications for the office of county controller, Albert F. Bullivant pointed to his fifteen years of faithful service to the taxpayers of San Mateo county. For eleven and a half years he was deputy tax collector, for three and a half years, deputy county controller.

He was born in Redwood City and attended grammar and high schools there. He was graduated from Heald's Business college.

"With this background I know I am thoroughly qualified to hold the office of county controller," he said.

Bullivant organized, and was the first president of, the San Mateo County Employees association.

John J. Fahey Jr. Is Candidate

In announcing his candidacy for justice of the peace for the First township of San Mateo county, John J. Fahey jr. called particular attention to the fact that for six months he administered the affairs of the court to which he now seeks election. Fahey, who is a long-time resident of this township, was assigned to the court, last December, by the California Judicial council and for the ensuing six months looked after the affairs of the court.

Fahey was born in Daly City and has lived here most of his life. He received his schooling in the public schools of San Mateo county and the University of San Francisco—graduating from both the college of arts and sciences and the law school.

Before completing his law school education, Fahey became affiliated with the United States District courts at San Francisco, where he remained for twelve years.

In the fall of 1931, Fahey was admitted to practice law in the state courts, and immediately thereafter, upon motion of George J. Hatfield, then United States Attorney, he was admitted to practice in the Federal courts. He has been actively engaged in the practice of law since that time.

In December, 1935, Fahey was appointed by the United States District Judges St. Sure, Louderbach and Roche to the office of United States Supervising Conciliation commissioner for the 41 Northern counties of California, to administer the Frazier-Lemke Farm Mortgage Moratorium act. In this capacity he acted as legal adviser to the 25 conciliation commissioners in the judicial district. Fahey held this appointment for six years, resigning in 1941.

Fahey pointed to his legal background and twelve years affiliation with the Federal courts, plus his six months experience as city judge of Daly City and acting justice of the peace of this township, as qualifying him for the office of justice of the peace.

"A judge, in order to be a good judge, must be possessed of at least four qualifications, namely: integrity, ability, a sympathetic understanding of the every-day problems of the average person, and a judicial temperament. If elected to this office, I pledge myself to administer justice fairly and impartially to all persons, as I have done during the time I was acting judge of the court," said Fahey.

Uncle Sam Honors Bank Of America

A citation for distinguished service in the war effort has been conferred upon the Bank of America by the United States Treasury department.

Since May 1, 1941, the bank has sold $135,000,000 worth of war bonds and stamps and tax anticipation notes without one cent of expense to the government or remuneration to the bank.

Where Week Days Are Money Saving Days

One thing few people know about Safeway is that the specially low prices advertised in Safeway's weekly Ads are not only good on Saturdays, but for FIVE big days each week. Choose any day to shop from Tuesday through Saturday, and you will find low, week-end advertised prices in effect.

2 menus and a recipe that will stimulate lazy summer appetites

When the thermometer soars, appetites go into a natural decline. And the two best ways to revive these lagging appetites is (1) to give particular thought to eye-appeal in planning meals and (2) plan loads of surprises in both kinds of food and in manner of service.

Serve plenty of fresh fruits and cool crisp salads and chilled beverages, but balance these with more substantial foods. And be sure to include at least one hot dish in every menu—digestion rebels when *everything* is icy.

And now—the two menus—all easy-to-prepare, all brimming with appetite appeal, all tested in the kitchens of the Safeway Homemakers' Bureau.

Lunch Program To End August 14

The summer lunch program at Jefferson Union high school cafeteria, where children can get delicious noonday meals for five cents a plate, will end, Friday, August 14, according to Mrs. Grace Nelson, supervisor.

This is the second successive year that the program has been carried out at the high school, and the success of this year's program virtually assures its continuance. Mrs. Nelson announced, last week, that well over one hundred meals a day have been served at the cafeteria this summer.

The program is made possible through the cooperation of the high school and the Surplus Marketing administration. Hours are from 11:30 a. m. to 1 p. m. each day, Monday through Friday.

Catholic Daughters Plan August 6 Whist

Mrs. Azilda Kohman and Mrs. Ida Grummel have been named co-chairmen of the regular monthly whist of Court St. Mary No. 1155, C. D. A. The game is scheduled for Thursday evening, August 6 Playing will begin at 8:30 p. m. at Masonic hall.

The ladies announce many lovely and attractive prizes are being procured. The game will follow a short business meeting which is scheduled for 7:30 p. m.

Members of the court were hostess at the Apostleship of the Sea in San Francisco, last Wednesday.

Mrs. Ida Forest was chairman of the group's last social and according to all reports everyone had a grand time.

About Town

Mr. and Mrs. John E. Caserza, Colma, are the proud parents of a daughter born, July 8, in San Francisco.

Jess N. Cullins, San Bruno, and **Betty L. Tallmadge,** Daly City, applied for a marriage license in San Francisco, last week.

Mr. and Mrs. Edwin A. Walther, 463 Winchester street, are being congratulated upon the birth of a daughter, July 2, in San Francisco.

Jam – With Less Sugar

By Frances Lee Barton

WE may not have as plentiful a supply of sugar as we had a year ago, but the children (and most of our men folks) still have that "sweet tooth" for jam.

Here's a recipe where the quantity of sugar is reduced and a light corn syrup called upon to aid as a sweetener. I'm sure you'll find it more than satisfactory.

Ginger Pear Jam

4 cups prepared fruit; ½ cup diced crystallized ginger; 5½ cups sugar; 2 cups light corn syrup; 1 bottle fruit pectin.

To prepare fruit, peel, core, and crush completely or grind about 3 pounds fully ripe pears. Dice about ¼ pound crystallized ginger.

Measure sugar, corn syrup and prepared fruit, solidly packed into large kettle. Add ginger, mix well, and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 11 glasses (6 fluid ounces each).

Jane Lee Kennedy Celebrates Sixth Birthday

Jane Lee Kennedy, daughter of Mr. and Mrs. J. E. Kennedy, celebrated her sixth birthday at a party, last Thursday. The gala event was given by her parents at their home, 301 Vista Grande avenue.

Guests present to wish Jane Lee a "Happy Birthday" included: Jane and Jack Kennedy, Darlene Haynes, Joyce Webb, Jacqueline Conci, Judy Kennedy, Larry, Billy and Rose Marion Eling, Leone and David Osteyee, Ben Vernazza, Joan Rochini, Howard Kohler, Bobbie and Donnie Mize, Tommy Bird, Patsy, Larry and Jerry Kennedy, Diane Valentino, Billie Ferro, and Mary Simmons.

Mothers Club To Hold Whist Tomorrow Night

Plans were completed today, for the regular monthly whist of the Mothers' club of Our Lady of Perpetual Help school, according to Mrs. Mary Musante, chairman. The whist is scheduled for tomorrow evennig at 8:30 p. m. at Eagles hall.

Mrs. Musante announces a cash first prize will be given along with many other lovely awards. The public has been cordially invited to attend. Price of score cards is nominal.

Foresters Announce Public Whist Party

Regular monthly whist of Vista Grande Circle No. 253, Ancient Order of Foresters, will be held, Tuesday evening. Playing will begin at 8:45 p. m. at Linhares hall, 167 Los Banos avenue.

Mrs. Mary Dougherty, evening chairman, and her committee announce a cash first prize will be given along with many other lovely awards.

This Month's STAR RECIPE

For this month's Star Recipe I have chosen a real North American dish — composed entirely of homegrown foods. Furthermore one tablespoon of precious sugar takes care of six desserts.

No eggs, no baking, no boiling, rich in food value and delicious! What more could be asked for even in a Star Recipe? Try it!

Rice Rennet-Custard

1 pkg. vanilla rennet powder
1¾ cups milk
¼ cup cream
1 tablespoon sugar
1½ cups cooked rice
¼ cup cut walnuts

Toss rice and nuts together and divide among 6 sherbets, dropping them in loosely. Make rennet-custards according to directions on package and pour over mixture in dessert glasses. Chill. When ready to serve, garnish, if desired, with finely cut preserved or crystallized ginger.

Crocker P. T. A. Group Enjoys S. F. Luncheon

Members and friends of Crocker P. T. A. spent an enjoyable afternoon at Joe Dimaggio's, last Tuesday. The luncheon group met at the corner of Mission and Evergreen at 11:30 a. m.

Members attending included: Mrs. Olga Bordson, Mrs. Lillie Cavagnaro, Mrs. Bertha D'Isep, Mrs. Eve Hobbs, Mrs. Margaret Hollzworth, Mrs. Regina Long, Mrs. Vivian Pahlka, and Mrs. Agnes Prescott. Guests were: Mrs. Ruth Morris, Mrs. June Williams, Miss Vivian Thorsen and Miss Alice Tylando.

Next social event, scheduled by the local unit, is their annual executive board meeting and picnic. Those who plan to attend are to meet at Fleishhacker playground, this morning, at 10 a. m.

Mrs. Ann Eason, recreation chairman, is in charge of the outing. She urges members and friends to come early and bring their children.

Bennetts Open New Upholstery Shop Here

Daly City has a new business in REB's Upholstery shop, 26-28 Hillcrest drive. Mr. and Mrs. R. E. Bennett are proprietors of the new establishment and come to this community with a long history of successful business experience. The Bennetts recently operated an upholstery shop in San Pedro, California. Both of them have more than ten years experience in the business.

For the remaining few days in July REB's is featuring a special price on re-covering chesterfields and chairs. During the month of August they're going to specialize in recovering antiques.

"If you have furniture you want recovered, stop in at REB's and let us help you plan the job. Our prices are reasonable, and you'll like our quality work!" This was the invitation that Bennett sent to Daly City residents today.

Local Man Hurt In Auto Accident

Struck by an automobile as he crossed Mission street near Templeton avenue, Monday night, Hal William O'Neill, 6035 Mission street, suffered a compound fracture of the leg.

The automobile was driven by Frank Mattos, San Francisco. O'Neill apparently made an attempt to catch a northbound street car, having crossed from the curb, and was heading for the safety zone when he was struck. The car was reported by witnesses to be traveling at a slow rate of speed and visibility was poor.

However, Mattos will appear in court for not having an effective windshield wiper on the machine.

O'Neill was taken to Villa sanitarium where he was treated for the fractured leg, and was removed to St. Mary's hospital in San Francisco.

Two witnesses who testified to officers were Darrell Breen, 5733 Mission street, who was a passenger in the Mattos car, and Ed McDowell, conductor of the street car.

Jacqueline Cuneo Hurts Arm In Wringer

Jacqueline Cuneo, 11 year old daughter of Mrs. Olga Cuneo, 681 San Diego avenue, was rushed to Villa hospital, Monday, when her arm was caught in the washing machine wringer.

She was helping her mother with the washing when the accident occurred. After treatment she was returned home.
